Bravo 2	Jul 16	Aug 5	21	\$5,195
Bravo 3	Aug 7	Aug 20	14	\$3,795

The **Bravo programs** are Sail Caribbean's traditional BVI sailing, scuba and watersports adventures. Try Scuba for the first time with an introductory Discover Scuba Dive course, or get fully certified earning your PADI Open Water Diver. Once certified, you can continue your dive education with Advanced Open Water, dive specialties, or just dive for fun. Not interested in diving? Then opt out of scuba altogether and enjoy the spectacular underwater world by snorkel and mask! Learn to windsurf or wakeboard. It's up to you. No previous sailing, scuba or water-sports experience is necessary for these fourteen or twenty one-day programs that include 5-10 hours of community service.

**Learning feels natural and easy** at Sail Caribbean's teen sailing camps. Every day our Bravo staff teach you the art of sailing as you develop your skills in idyllic conditions. Together with your crewmates, you'll learn by doing, and you'll be sailing with confidence before you know it. Our staff will guide you with enthusiasm, sharing their knowledge and skills so that you can learn successfully at your own pace without pressure. Living aboard a 50-foot sailboat means you're living in an environment where participation and cooperation are essential. You'll learn the true meaning of teamwork.

**How blue can blue water be?** Sail Caribbean water is so blue you can't wait to jump in and try every watersport we've got. Of all our programs, Bravo teen sailing camps offer the widest array of activities and devote the most time to watersports. Learn to windsurf, explore the coast in a kayak, or even take a thrilling ride on a wakeboard or tube. Apply your new sailing skills on a Hobie Cat or Laser, or grab your snorkel, mask, and fins and get a dazzling look at the colorful fish and reefs. You'll also give a little back to the islands, and grow in the process, by working with local youth and restoring a beach to its natural beauty.

**If you're determined to challenge yourself** even further, our Bravo programs offer a variety of optional courses. Diving options include PADI's Open Water & Advanced Open Water Certifications or Discover Scuba Diving for beginners who just want to try scuba for the first time. If you're arriving at Sail Caribbean with prior sailing experience, why not take this opportunity to gain a nationally recognized certification from US Sailing or the American Sailing Association? You'll participate in seminars, then demonstrate your sailing and seamanship skills during two intensive days on Rhodes 19s. A written exam fulfills the requirements and you'll have an official lifelong certification.

to do, but if you're looking for more, our optional courses let you shape the program experience to fit your own unique goals.

*"You provide a wonderful combination and balance of freedom and instruction, establishing clear boundaries, while allowing the kids to experience age-appropriate independence."*

*Jane Phillips, Bethesda, MD*

Bravo 2	✓	✓	✓	✓					✓	
Bravo 3	✓	✓	✓	✓					✓	

### Optional Courses

Many students are happy with the regular program activities including large boat sailing, dinghy sailing, waterskiing, wakeboarding, tubing, snorkeling, community service, marine biology seminars, kayaking, windsurfing, sailing clinics, hiking, island exploration, and beach sports. For those students seeking that extra challenge, Bravo sailing, scuba and watersports adventures offer several optional courses. Certain optional courses have limited enrollment and are filled on a first-come, first-served basis. Optional courses require additional fees and cannot be combined on certain programs. Please call for details.
